About Kidswell Bio Corporation (KWB)

Kidswell Bio Corporation will challenge pediatric disease as a new field, in addition to intractable and rare diseases on which KWB has also been focusing for R&D. We would like to contribute to children who have hopes and dreams for their bright future. Furthermore, with our biotech expertise and children's potential vital force such as SHED, stem cell from exfoliated deciduous teeth, we envision creating new pharmaceuticals and therapeutics for all people under "Kids Well, All Well."
